INTRODUCTION

The Wright Directory Co., herewith present to its patrons the 1922 edition of the Milwaukee City Directory. The work embodies all available and vital information concerning the various interests and activities of the city—Commercial, Financial, Social and Industrial.

The several features of the work which have given such satisfaction to patrons in former issues, have been retained, while several have been amplified and improved, as suggested by experience.

The statistics following this introduction are impressive as indicating the wealth, industry and culture of the city and of the territory of which Milwaukee is the center.

The several essential departments of the work are compiled in the order following.

5007483

The MISCELLANEOUS DEPARTMENT, covering pages 15 to 35, embraces data concerning the city executive, health, police, fire, educational, parks, water works and other departments, Federal and State officials, churches, schools (public and private), the post office, courts, consulates, hospitals, associations, fraternal and benevolent organizations, etc.

THE BUYERS' GUIDE occupies pages 37 to 232. This section of the Directory, printed on tinted paper, includes hundreds of advertisements of the leading manufacturing, business and professional interests of Milwaukee. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The purpose of a Directory is to direct. In a bustling, manufacturing city like Milwaukee the need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

The ALPHABETICAL LIST OF NAMES of citizens, firms, corporations, institutions, and full information respecting them, is included in pages 233 to 1767; in this feature of the Directory the wife's name follows that of her husband.

The STREET and AVENUE GUIDE and DIRECTORY OF HOUSEHOLDERS is contained in pages 1768 to 2245.

The CLASSIFIED BUSINESS DIRECTORY occupies pages 2249 to 2484 and exhibits the various manufacturing, mercantile and professional names compiled under headings appropriate to the class of industry or profession followed.

The INDEX TO CONTENTS and INDEX TO ADVERTISEMENTS will be found on pages 11 to 14.

POPULATION OF GREATER MILWAUKEE

The present volume has an enrollment of 229,950 names for the area covered by the Directory. This number multiplied by 2 2-5 to allow for the women and children not included in the canvass—gives "Greater Milwaukee" an estimated population of 551,880.

This includes Shorewood and West Milwaukee, also the names of the citizens of the neighboring municipalities of West Allis, Wauwatosa, North Milwaukee, St. Francis, South Milwaukee, Cudahy, etc., who are in business or are employed in Milwaukee, for they are practically a part of Greater Milwaukee.

Milwaukee is one of the largest industrial centers of the United States, and produces a more diversified line of manufacture than any other city. It draws its supply of raw materials in convenient proximity; secures its fuel by the Great Lakes water route at low rates; has ample transportation connections with the four ends of the earth; enjoys a skillful, industrious and peaceful labor constituency.

As a commercial center it possesses some decided advantages. As the metropolis of the great State of Wisconsin it has become an important distributing center of all commodities. Its jobbing and wholesale houses, which have grown into great commercial enterprises, have extended their trade connections far beyond the boundaries of the state.

Harbor—One of the best on the Great Lakes. Navigation open all the year around. Fourteen steamship lines, including two car ferries, operating across Lake Michigan, three lines of break-bulk steamers; six lines of steamers connecting with the lower lakes,

MILWAUKEE AS A GREAT COMMERCIAL CENTER

and three lines for shore traffic. The inner harbor is equipped with 29 coal receiving plants, receiving a total of over 5,000,000 tons with a capacity for handling 100,000 tons every ten hours, and with 18 terminal warehouses, with 525,135 square feet of floor space. Total in and out water-borne tonnage 9,000,000.

Rail Transportation—Milwaukee is next to the largest freight contributing point on the three great systems of railways, the Chicago, Milwaukee & St Paul, 11,158 miles; the Chicago & Northwestern, 10,155 miles; the Soo line, 4,348 miles, and is an important terminal of the Grand Trunk system Canadian Natl-Grand Trunk R R 22,267 miles, and the Pere Marquette lines, 2,400 miles. An outer belt line is maintained by the Chicago & Northwestern, and another is contemplated by the "Milwaukee" road.

Interurban Lines—Convenient connections with the most important cities and villages within a radius of 100 miles of Milwaukee, extending south, southwest, west and north. Total, 392 miles. Commodious terminals are provided.

Milwaukee now has forty firms which receive and sell grain, seeds, hay, etc., on consignment and storage and shipping elevators with a total annual capacity of 20,000,000 bushels of grain; a milling industry consisting of three flour mills of a combined capacity of 5,420 barrels of wheat and rye flour per day; two oatmeal mills, 1,900 barrels per day; two corn product mills, which require 7,500,000 bushels of corn per annum for their capacity use; and a linseed oil mill which absorbs the flaxseed receipts at this market.

Street Car Service—173 miles, most of it double track, within the one-fare limit. By a transfer system it is possible to ride twelve or more miles for a single fare.

Hotels—Milwaukee is provided with many good hotels, several of which have national reputations for excellence.

Auditorium—The finest and most modern equipped convention hall in the world. Main hall seats 10,000. Six smaller halls seating from 500 to 1,500 each. Can accommodate several conventions at the same time. Specially well adapted for conventions accompanied by industrial exhibits. Building centrally located.

THE INDUSTRIAL SIDE OF MILWAUKEE

Milwaukee has the largest machinery construction shops in the world; is a large producer of water pumping and refrigerating machinery. Has exported more excavating machinery than any other city in the United States.

Milwaukee leads the world in the manufacture of motorcycles.

Milwaukee has the largest and best equipped plant for manufacturing electric traveling cranes and hoists in the United States.

According to population, Milwaukee makes more candy than any other city in the United States.

Milwaukee has the largest heat regulating apparatus plant in the world.

Milwaukee makes more out door detachable row boat motors than any other city in the world.

Milwaukee makes the largest steam shovels in the world.

Milwaukee made the largest concrete mixers ever built.

Milwaukee has the largest car shops owned privately by any railroad in America and they are the third largest locomotive and car works in the world.

Milwaukee produces more hosiery than any other city in America.

Milwaukee has the largest glove manufacturing plant under one roof in America.

Milwaukee has, since the War, built up the second largest dye industry in the United States.

Milwaukee has one plant that has produced more automobile parts than any other plant in the world.

Milwaukee has the largest high grade toilet soap plant in the world.

Milwaukee makes one of the five high grade, nationally advertised men's clothing lines.

These are only a few of the large plants that we have.

THE MILWAUKEE ASSOCIATION OF COMMERCE

The Milwaukee Association of Commerce is a live organization which has had much to do with the progress of the city and is responsible for many of its more modern tendencies. It is representative of the commercial, professional and manufacturing interests of the city, and had its inception in a desire to promote the city's growth in home building, in manufacturing industries, in city improvement and in commercial importance. Since its incepton this organization has been behind every forward movement for community betterment and it has achieved success in extending the commercial interests of the city. One of its principal purposes is to bring the citizens of the community together in real co-operative effort to comprise all differences of effort and to work harmoniously for community advancement.

The Association maintains a Credit Bureau where upwards of three hundred thousand cards are on file and available to those members seeking information along these lines; a Traffic Department which has been of inestimable service to the public generally and in times of transportation stress besides aiding various individuals and concerns in specific cases of traffic difficulty; a Better Business Bureau which, by a campaign for truth in advertising, is estimated to have saved business men and the city approximately one-half million dollars in the past year; a Convention and Publicity Bureau, which is instrumental in bringing more than two hundred conventions to the city annually, with several millions of dollars in money; a Safety division which has been responsible for materially reducing the toll of death and mutilation by accidents, with their consequent loss to industry, and various other departments of equal value to the community.

The Association has a membership considerably in excess of four thousand, and is constantly growing. As this membership grows and new interests are enrolled the activities of the Association are extended to the end that finally there shall be no commercial or industrial interest represented in the membership of the Milwaukee Association of Commerce to which that Association does not offer something specific in the way of service that is well worth the trifling cost of the membership.

Some of the biggest enterprises undertaken by the City of Milwaukee in the past few years either have had their inception with the Milwaukee Association of Commerce or have been put through largely because of the active support accorded by this Association.

Inquiries for specific information concerning Milwaukee and its business or civic aspects, will be welcomed and promptly answered by the Association of Commerce.

DIRECTORY LIBRARY

A library embracing directories of all the principal cities throughout the United States and Canada is maintained by the publishers in their offices, 368 Milwaukee St., and a cordial invitation is extended patrons to the Milwaukee Directory to make free use of same for reference purposes.

ADVERTISING MILWAUKEE

Copies of the Milwaukee Directory are on file in the directory libraries in all of the largest cities throughout the country where they are accessible for free reference to those seeking information regarding the City, its business interests, its attractions as an industrial site, as an educational centre and as a place of residence.

Classification and rates of postage

Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from or between the possessions of the United States. Hawaii, Porto Rico and the Virgin Islands of the United States are included in the term "United States." The Philippine, Archipelago, Guam, Tutuila and Manua and the Canal Zone are included in the term "Possessions of the United States."

Domestic rates and conditions apply to mail matter addressed to officers or members of the crews of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and other places where the United States mail service is in operation, to officers and men of the United States Navy in the United States Naval Hospital at Yokohoma, Japan, and, with certain exceptions, to that sent to Canada, Cuba, Mexico, the Republic of Panama, and certain other Central and South American countries.

Domestic Rates of Postage

First Class—Letters, postal cards, post cards (private mailing cards conforming to the requirements for such cards, and all matter wholly or partly in writing, whether sealed or unsealed, except manuscript copy accompanying proof sheets or corrected proof sheets of the same and the writing authorized by law to be placed on matter of other classes. Typewriting and carbon and letter press copies thereof are the equivalent of handwriting and are classed as such in all cases. Postal cards and private mailing cards (post cards), 1 cent each. All other first class matter, 2 cents an ounce or fraction thereof. The limit of weight of first class matter is the same as for fourth class matter.

Second Class—Includes newspapers, magazines and periodicals bearing notice of entry as second class matter. No weight limit is prescribed. When sent unsealed by the public, that is, by others than the publisher or news agent, the postage rate is 1 cent for each four ounces or fraction thereof. To be entitled to this rate, the copy or copies must be complete, incomplete copies being subject to the third or fourth class rate, according to their physical character.

Third Class—Embraces circulars, newspapers and perodicals not admitted to the second class, nor embraced in the term "book," miscellaneous printed matter on paper not having the nature of an actual personal correspondence, engravings, handbills, lithographs, photographs, music, proof sheets, corrected proof sheets, and manuscript copy accompanying the same, and matter in point print or raised characters used by the blind. Books are included in fourth class or parcel post mail, as also is miscellaneous printed matter weighing more than four pounds. Matter printed on material other than paper is fourth class. Reproductions or imitations of handwriting and typewriting obtained by means of the printing press, neostyle, multigraph, or similar mechanical process will be treated as third class matter, provided they are mailed at the post office in a minimum number of 20 identical unsealed copies. If mailed in less quantity, they will be subject to the first class rate. Letters and reading matter for the blind are transmissible in the mails under special conditions at special rates. The rate of postage on unsealed third class matter is 1 cent for each two ounces or fraction thereof, on each individually addressed piece or package. The limit of weight of third class matter is four pounds. Parcels of printed matter weighing more than four pounds which do not exceed the limit of weight and size of fourth class matter come within the class and are mailable at the parcel post rates.

Fourth Class—Embraces matter known as domestic parcel post mail, and includes merchandise, farm and factory products, seeds, cuttings, bulbs, roots, scions, and plants, books (including catalogs), miscellaneous printed matter weighing more than four pounds, and all other mailable matter not embraced in the first, second, and third classes. Rates of postage—to be fully prepaid—unsealed—are as follows: (a) Parcels weighing 4 ounces or less, except books, seeds, plants, etc., 1 cent for each ounce or fraction thereof any distance. (b) Parcels weighing 8 ounces or less, containing books, seeds cuttings, bulbs, roots, scions, and plants, 1 cent for each 2 ounces of fraction thereof, regardless of distance. (c) Parcels weighing more than 8 ounces, containing books, seeds, plants, etc., parcels of miscellaneous printed matter weighing more than 4 pounds, and all other parcels of fourth class matter weighing more than 4 ounces are chargeable, according to distance or zone, at pound rates, a fraction of a pound being computed as a full pound. The limit of weight of fourth class matter is 70 pounds for parcels mailed for delivery within the local delivery limits and the first, second, and third zones, and 50 pounds for all other zones. Parcel post matter may not exceed 84 inches in length and girth combined. In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as its length, while the distance around the parcel at its thickest part is taken as its girth. For example, a parcel 35 inches long, 10 inches wide, and 5 inches high measure, 65 inches in length and girth combined.

Zone	Distance	First pound	Additional pounds	Weight limit lbs.
Local, rural and city		.05	.01 each 2 lbs.	70
1	within 50 miles	.05	.01 each 1 lb.	70
2	50- 150 miles	.05	.01 each 1 lb.	70
3	150- 300 miles	.06	.02 each 1 lb.	70
4	300- 600 miles	.07	.04 each 1 lb.	50
5	600-1000 miles	.08	.06 each 1 lb.	50
6	1000-1400 miles	.09	.08 each 1 lb.	50
7	1400-1800 miles	.11	.10 each 1 lb.	50
8	1800 and over	.12	.12 each 1 lb.	50

Special Conditions

Parcels are mailable only at the Main post office and classified and numbered stations.

A parcel of fourth class matter may not be accepted for mail-

ing unless it bears the name and adress of the sender, which should be preceded by the word "From."

Parcels may not contain matter of a character perishable within a period reasonably required to transport and deliver the same nor may they be of form and kind likely to injure postal employees or equipment or other mail matter.

Meats and meat food products cannot be accepted for mailing from one State to another State unless the certificate of inspection or exemption required by law is filed with the Postmaster Such certificates must be prepared and furnished by the sender.

Plants and plant products, including all field grown florists stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits, and other seeds of fruit and ornamental trees or shrubs, and other plants and plant products for propagation, except field, vegetable, and flower seeds, bedding plants, and other herbaceous plants, bulbs, and roots, may be admitted to the mails only when accompanied with a certificate from a State or Government inspector to the effect that the nursery premises from which such stock is shipped has been inspected within a year and found free from injurious insects, and the parcel containing such stock is plainly marked to show the nature of the contents and the name and address of the sender.

Admissable liquids and oils, pastes, salves, or other articles easily liquefiable will be accepted for mailing, regardless of distance, provided they conform to certain conditions.

Parcels may be sent Special Delivery upon the payment of 10 cents in postage stamps affixed in addition to the regular postage.

Fourth class or parcel post matter may be insured against loss, rifling or damage upon payment of a fee of 3 cents for value not exceeding $5, 5 cents for value not exceeding $25, 10 cents for value not exceeding $50 or 25 cents for value not exceeding $100, in addition to the postage, both to be prepaid with stamps affixed. Parcel post matter cannot be registered.

The sender of a mailable parcel of fourth class matter on which the postage is fully prepaid may have the price of the article and the charges thereon collected from the adressee on payment of a fee of 10 cents in postage stamps affixed, provided the amount to be collected does not exceed $50 and on payment of a fee of 25 cents in stamps affixed, provided the amount to be collected does not exceed $100. Such parcels are automatically insured against injury or loss, without additional charge, in an amount equivalent to its actual value, but not to exceed $50 when a 10 cent fee is paid, and $100 when a 25 cent fee is paid.

FOREIGN MAIL MATTER

The United States domestic rates apply to letters and post cards, as well as to newspapers and periodical publications of the second class (1 cent for each 4 ounces or fraction thereof) addressed for delivery in Argentina, Bolivia, Colombia, Costa Rica, Cuba, Dominican Republic, Ecuador, Honduras, Nicaragua, Salvador, Spain, including Balearic Islands, Canary Islands and Spanish possessions on the north coast of Africa and Peru.

The maximum weight limit for newspapers, other printed matter, and commercial papers is 8 pounds 12 ounces (4 kilograms); and the maximum dimensions for this class of mail matter in the form of a roll is 40 inches in length and 6 inches in diameter.

The above provisions are at present effective only to mail matter exchanged between the United States and the countries named.

The United States domestic rate of 2 cents per ounce or fraction of an ounce applies to letter mail only addressed for delivery in England, Ireland, Scotland, Wales, Bahama Islands, Barbadoes, Bermuda, British Guinea, British Honduras, Cacios Islands, Cayman Islands, Dutch West Indies, Haiti, Jamaica, Leeward Islands, Martinique, Newfoundland, Trinidad, including Tobago, Turks Islands, New Zealand and Windward Islands.

Rates of postage on articles for foreign countries other than Canada, Mexico, the Republic of Panama, the United States Naval Hospital at Yokohoma, Japan, the United States Postal Agency at Shanghai, China, and on matter other than that mentioned to countries above named.

Letters—Five cents for the first ounce, or fraction of an ounce, and three cents for each additional ounce, or fraction of an ounce.

Postal cards—Two cents each, for single; and four cents, each, for double cards (reply cards.)

Printed matter—One cent for each two ounces or fraction of two ounces.

Commercial papers—Five cents for the first ten ounces or less and one cent for each additional two ounces or fraction of two ounces.

Samples of merchandise—Two cents for the first four ounces or less and one cent for each additional two ounces or fraction of two ounces.

Parcel post—International parcel post service is maintained with most of the foreign countries, postage and transit charges, size and weight limits, prohibitions, etc., varying according to which country the parcel is addressed to.

Information as to "prints," "commercial papers," "samples of merchandise," "composite packages," and "parcel post" may be had upon inquiry of the Superintendent of Mails.

Registration fee—In addition to postage, ten cents.

Reply coupons—Will be issued at the rate of 11 cents for exchange in every country of the Universal Postal Union for a postage stamp or stamps of value sufficient to prepay a letter of the first unit of weight from the country of origin of the letter addressed to a foreign country. No more than ten coupons will be sold to or exchanged for the same person in one day.

Registration

Any mailable article, except unsealed domestic parcel post matter (fourth class) and parcel post to certain foreign countries, may be registered upon presentation at the Main Post Office or one of the classified or numbered stations, or by rural or city carrier, at the rate of ten cents for each article in addition to the regular postage, to be fully prepaid by stamps affixed. Each article must be in perfect condition, first class matter being securely sealed, and bear the name and address of the sender. In addition to the receipt issued the sender may have a card receipt returned from the addressee on request. Up to $50 indemnity is payable in the event of loss in the domestic mails and up to 50 francs (approximately $9.65) when lost in the foreign mails.

Money Orders

Domestic money orders are issued at the Main Post Office and classified and numbered stations, payable in the United States and its possessions and the following foreign countries: Bermuda, British Guiana, British Honduras, Canada, Cuba, and Newfoundland, and the following islands in the West Indies: Antigua, Bahamas, Barbadoes, Dominica, Grenada, Jamaica, Martinique, Montserrat, Nevis, St. Kitts, St Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands (British.) MORE GOODS ARE BOUGHT AND SOLD THROUGH THE CLASSIFIED BUSINESS LISTS OF THE DIRECTORY THAN ANY OTHER MEDIUM ON EARTH

TRADE! You like

to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

The Sign over your door

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

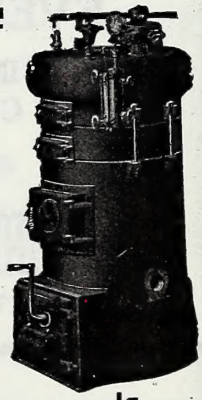
HEATING AND VENTILATING

Add Value to Your Home

By Installing a "FUEL SAVING"

GILT EDGE

HEATING SYSTEM



The "Long fire travel radiator" of the hot air furnace conserves the heat generated and sends it into your rooms instead of letting it escape up the smoke flue as in ordinary furnaces. The "Anti-Clinker Grate" and other exclusive Gilt Edge features are embodied in both the warm air and hot water systems—Durability is an important item of economy too. Many Gilt Edge users report records of 20 to 38 years. Ask for the Gilt Edge booklet containing full description and letters from users.

Business men who are not thoroughly familiar with the value of this class of Insurance as an aid to the credit standing of their organization are cordially invited to ask for information, without obligating themselves in any way.

HAVE YOU ENOUGH LIFE INSURANCE?

When the government itself has insured young men 21 to 31 years old up to $10,000 as they entered military service, many older business men are realizing that they need more insurance than they have carried.

Let me submit facts and figures on life insurance in the Company that leads in progressive features.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

FIRST--In Public Service

For more than 40 years The Journal has kept everlastingly at work to fulfill the biggest purposes of a newspaper.

It has been closely associated with every constructive movement for the progress of Milwaukee and Wisconsin.

The Journal has served for the greater education and profit of the news reading public. It prints all the current happenings of the world, nation, state and city. Its writers are known as leaders in their profession. Its many feature articles are valuable and entertaining.

The Journal publishes EVERYTHING of interest to EVERYONE.

You and every other reader obtain biggest value for your money in The Journal.

Subscribe to The Journal. Get it regularly. For it is FIRST in every service that a newspaper can offer.

"THE HOME OF NATIONAL SERVICE"

THE big majority of names in this directory —names unmistakably German—will tell MORE about the place the Milwaukee Herold holds in this community, than page after page advancing its merits COULD.

The Herold is a German-language newspaper for German-speaking people—reaching more than 32 per ct. of Milwaukee's total population. It is edited with this thought uppermost. Its advertising columns are open only to those firms catering to the class of trade Herold readers are known to compose.

So—if you speak or read German you should subscribe to the Herold, and if you are an advertiser, for RESULTS you MUST use

Did This Ever Happen to You?

Did you ever have ink from an over-full pen ruin your work with a blot? Or have you dipped into an inkwell only to find it empty—or the ink a stringy mass, unfit for use?

Avoid all such trouble! Use the

SENGBUSCH SELF-CLOSING INKSTAND

It keeps the ink from evaporating, yet is always ready for the dip of your pen. It prevents overloading the pen with ink—saves blots, annoyances, and disappointments.

Ask any dealer for a ten-days' free trial. Find out for yourself just how much a "Sengbusch" smooths the pathway of the writer.

National Advertisers

are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory.

Put—"See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

Local Advertisers

will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

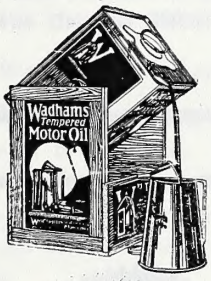
Wadhams *Tempered* Motor Oil

In the Wasteless, Easy-Pouring, Top-Tip Can

SUMMER or winter—this straight run, TRUE gasoline means easier starting, smoother running and more miles per gallon. Not "doctored" or cheapened---every drop is powerful, old-fashioned, straight-run TRUE gasoline. Free from excessive carbon and kerosenish dregs.



So with Wadhams Tempered Motor Oil. Refined by a perfected process which does not destroy the heat-resisting qualities or injure the native durability of the parent petroleum. Its use means greater motor flexibility and longer motor life. Sold in easy-pouring, Top-Tip containers.

IT is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

The **City Directory** is where many people look when they want to find you. You should make it easy for them to find you by putting in the directory such information as a buyer wants to know. Index your business under all classifications where a customer might look for you.

To be properly registered costs less than to be left out.

Send for the City Directory Advertising Man and let him explain this to you in detail.

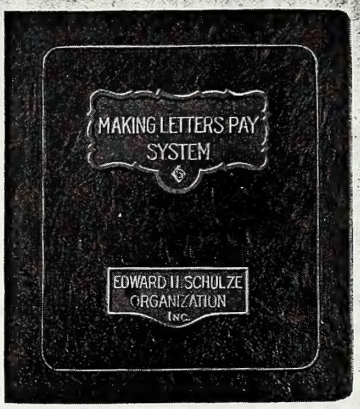
NAMES APPEARING
IN BLACK LETTERS

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM!

BE SURE IT IS BOUND IN A HEINN-BADGER DISTINCTIVE SUPER-FINISH DESIGNED COVER



These most attractive bindings made for loose-leaf and permanently bound catalogs, price books, college and school annuals, in fact wherever something in a binding line out of the ordinary is desired.

It is surprising how comparatively small is the additional cost of this latest improved method of manufacturing artistically designed covers over the plain designs and method of manufacturing heretofore. The black and white illustration does not do justice to the beautiful colored designs of the binding shown

EDMUND E. GRAM INCORPORATED

In conducting his own piano manufactory in Milwaukee, it has always been Mr. Gram's purpose to give the public an instrument of unquestioned merit at a moderate price. In this he has succeeded. He has embodied the best ideas of the standard makes of the world and over 38 years' experience handling the highest grades of pianos has given him this advantage. See and hear this piano to be convinced.

EDMUND E. GRAM INCORPORATED

In conducting his own piano manufactory in Milwaukee, it has always been Mr. Gram's purpose to give the public an instrument of unquestioned merit at a moderate price. In this he has succeeded. He has embodied the best ideas of the standard makes of the world and over 38 years' experience handling the highest grades of pianos has given him this advantage. See and hear this piano to be convinced.
